

# Global OpEx Solutions

January 18–19, 2017 — Austin, TX

Trng. Code: BTB-V01

Skipping the basics and implementing Lean or 6σ has cost companies unnecessary radical changes resulting in a failed or mediocre operational excellence journey. Implementing and ensuring the basics to provide a stable foundation is the key preparation required for a successful and sustainable continuous improvement journey. Participants will learn the components of the basic system which serves as the foundation to implementing a successful and sustainable continuous improvement system. The *Back to Basics of Operational Excellence* course complements the *Integrated Management System* course. This course is for both, leaders and practitioners, while *Integrated Management System* is primarily for continuous improvement leaders and facilitators.

### Learning Objectives

- ◇ Why go back to the basics of operational excellence
- ◇ How the basic tools serve as a foundation for a well connected system
- ◇ How to implement 5S for efficiency and effectiveness
- ◇ How to implement standard work in different work environments
- ◇ Daily visual management to enhance communication and to expose problems early
- ◇ Problem-solving and kaizen workshops

### Instructors

#### **Martin Nazareth PMP, MSIE, President — OpEx Solutions**

Martin Nazareth has led strategic deployment of operational excellence at over 100 plants globally across several industries in Lean, TPM, FMEA/PCP and Error Proofing. He held senior level positions at Alcoa, Delphi and EDS. He has two masters' in IE and a bachelor's in mechanical engineering. Martin is a certified Project Management Professional (PMP) and a Six Sigma Green Belt. Martin has also served as a board member of AME's SW Region and is a director of IIE's Lean Division and Industry Advisory Board.

#### **Ken McClymonds PE, Principal Consultant — OpEx Solutions**

Ken McClymonds is a registered Professional Industrial Engineer and Six Sigma Master Black Belt with over 40 years of professional experience and 19 years at VP level, leading process improvement systems resulting in significant and sustainable bottom line results. Ken is a Senior Member of IIE, and a Director of the Institute for High Performance Planning.
