

Global OpEx Solutions

SEMINAR

Trng. Code: ETL-V01

The most successful operational excellence systems evolve with relentless pursuit of excellence. This session will reflect on the key principles for sustainable success and pitfalls to avoid, in the journey to operational excellence. This intense one-day session will enable busy leaders to refine their operational excellence journey to achieve rapid and sustainable gains with an evolving system. The session will include four topics, each followed by a guest speaker and a thought provoking group exercise.

Learning Objectives

- ◇ Why only a small fraction of the companies win big rapidly and sustain
- ◇ How to ensure stability and execution of products, projects and programs
- ◇ Focusing all the resources to accomplish organizational strategy and goals
- ◇ Refining and developing your own operational excellence strategy

Instructors & Speakers

Martin Nazareth PMP, MSIE, President — OpEx Solutions

Martin Nazareth has led strategic deployment of operational excellence at over 100 plants globally across several industries in Lean, TPM, FMEA/PCP and Error Proofing. He held senior level positions at Alcoa, Delphi and EDS, served as a board member of AME's SW Region and is a director of IIE's Lean Division and Industry Advisory Board.

Rich Deegan, Principal Consultant — OpEx Solutions

Rich Deegan has over 25 years' experience leading & improving global supply chains including in the areas of specialty chemicals, fluoropolymer coatings, and films. Rich led the Lean Six Sigma practice within DuPont's Supply Chain Center of Excellence. He is a Lean Six Sigma Master Black Belt, APICS CPIM & CSCP certified, and has a BSEE from the University of Notre Dame.

Warren Gary Johnson, Jr., Principal Consultant — OpEx Solutions

Gary Johnson is a mechanical engineer and a Certified Maintenance and Reliability Professional. His main areas of expertise are maximizing asset utilization, reliability, asset tracking, cost reduction and planning and scheduling. He developed a system for real-time asset utilization monitoring for Alcoa where he worked for 34 years in various capacities.

Ken McClymonds PE, Principal Consultant — OpEx Solutions

Ken McClymonds is a registered Professional Industrial Engineer and Six Sigma Master Black Belt with over 40 years of professional experience and 19 years at VP level, leading process improvement systems resulting in significant and sustainable bottom line results. Ken is a Senior Member of IIE, and a Director of the Institute for High Performance Planning.
